To Whom It May Concern:

I am pleased to write this recommendation for Edward LaVine.

Mr. LaVine has been a substitute teacher at Osborne High School during the 2001-2002 school year. In my judgement, his intelligence is well above average and he understands both students and the learning process to a degree that is exceptional for one who has not gone through formal teaching college classes.

He takes time to gain thorough knowledge of the subjects that he has been asked to teach. He has an excellent verbal facility that enables him to express himself and present topics very well. He has a creative imagination that allows him to make classroom work interesting to students.

During his time here, Ed's personal characteristics such as patience, consideration, emotional stability and good judgement were great assets to the school. Upon learning of his leaving our school, one group of students signed a petition asking for him to stay. Who can say more?

Should you think it necessary or desirable, I would be happy to discuss Mr. LaVine's qualifications with you personally.

Sincerely,
